GATEMATE

STEP IN. LINK UP.

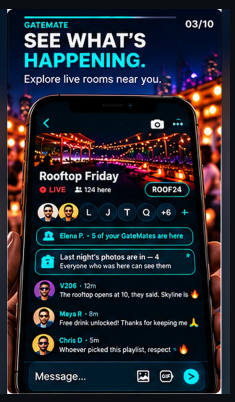

TURN A CROWD INTO A ROOM.

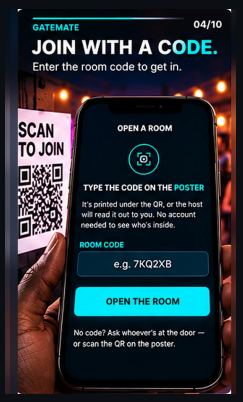

For festivals, concerts, conferences and big nights. Everyone who's there steps into one room, sees who's here, and actually meets. Sponsors get perks that only unlock when two attendees actually connect — proof, not impressions.

WHAT YOU GET

- One official room for your event, open only to people who are actually there
- Your lineup or schedule, with "I'm going" on each set or session
- Find Friends — opt-in, and free for every attendee
- Your site map, zoomable, inside the app
- Perks for your partners that unlock when attendees actually connect
- The photo album and a recap the morning after
- Set up with you directly, with event-day support
